

## TERMS AND CONDITIONS - 09/18/2018

### **WELCOME**

Here at LetsDesignStudios, we understand the relevance of presentation media, focusing on photo-realism, aesthetics, and communication through design media. Take advantage of our free quotes and use added discounts on your first order by subscribing at the bottom of the page. While doing so, please endeavour to upload as many details as possible like hand-drawn sketches, google image references, CAD drawings, amongst others.

### **PAYMENT METHOD**

Once a request is received, we will forward a custom quote concerning your project and would expect some deposit to proceed. Please do not provide any credit card details as we do not request for any; we do, however, accept payments by PayPal and Wire Transfer including an agreeable refund policy, earlier to final delivery of services.

### **REVISIONS**

Understand that, regardless of how little the changes may be, render-times could run between 3 to 10 hours for single still-images and more for other services. Upon delivery, further revisions will incur extra charges. Notwithstanding, changes will be accepted each time test renders (low-resolution images/videos/VR contents) are delivered. We encourage you to use this opportunity to request for any changes needed.

### **CONTENT PRIVACY/COMMERCIAL LICENSES**

Unless Indicated otherwise, LetsDesignStudios is entitled to upload all submitted works directly related to our services on our portfolio and social media platforms. We do understand that our services are merely contributions and will never claim full ownership of anything outside of the services we offered. We encourage you to notify us at the start of any project and guarantee you that all works will remain classified if indicated.

## **DISCOUNTS/SPECIAL OFFERS**

Here at LetsDesignStudios, special discounts are the norm, and we encourage you to request for this each time. However, this will only be rendered with full rights to showcase finished works on portfolio, social media and marketing contents.

Please endeavour to read our terms and agreement each time you place orders, and check the date uploaded to confirm changes made from your last visit.

We believe you now understand the importance of providing as many details as possible regarding your projects

Thank you for your patronage.

Many Thanks,

Samuel Datubo Higgwe

CEO/Founder at Lets Design Studios
